# Welcome Back to School!

## A Message to Parents

A new school year is always an exciting time! New students flood our cafeterias, ready for new and exciting menus. This year, our goal is to once again increase meal participation. It is a proven fact that hungry children don't learn as well. Kids who eat nutritious meals perform better with increased attention spans and memory.

We look forward to have your child eat with us! If you have any questions, suggestions, or ideas on how we can better serve you and your child, please contact us in the Child Nutrition Office at (228)374-4428.
