FACILITY EXPANSION PROGRAM

LONG RANGE PLANNING - NEW SCHOOLS FACILITIES PLANNING

FD

The Board of Trustees shall approve a long-range school facilities plan. Developed in strict accordance with design safety and related minimum state school facilities standards, all facility plans shall be submitted to the Education Finance Commission as required by state law.

NAMING NEW FACILITIES**FDC**

On completion of any new school facility, the Superintendent of Education shall be directed to recommend to the Board of Trustees the process for selecting the name. The Board of Trustees shall have final approval of both the process of selection and the naming of the facility.

ADMINISTRATION OF SIXTEENTH SECTION LAND**FDD**

The Superintendent of Education shall be responsible to the Board of Trustees for the administration of the law governing 16th Section Land management under their control as outlined in the Mississippi Code Section 29-3-2, *et seq.* The Superintendent's designee is to act for him/her in carrying out this responsibility and to report to him/her for recommendations to the Board of Trustees.

EMPLOYMENT OF CONTRACTORS, ARCHITECTS AND ENGINEERS

FEAB

The Board of Trustees, on recommendation of the Superintendent of Education, shall approve architects and engineers required to perform various professional services regarding major construction.

PURCHASE OF REAL PROPERTY - SITE ACQUISITION PROCEDURES

FGB

In strict accordance with the state law and city codes, the Board of Trustees may purchase property for the purpose of school construction or renovation of existing school facilities.

CONTRACTS FOR SCHOOL CONSTRUCTION**FGD**

Contracts for the renovation or construction of school facilities shall be developed in strict accordance with local and state codes and shall be approved by the Board of Trustees. All construction contracts shall include materials and labor bond requirements, liability insurance requirements, and assurance of compliance with federal and state personal safety regulations.
