

ALGEBRA 1

UNIT 5: Functions & Graphs

Review the coordinate plane and graph ordered pairs.

Assign: Wkst - Graphing Ordered Pairs

Identify dependent & independent variables

Graph Data from a table.

Assign: Wkst 2-3 All

Evaluate a function for a given value.

Define relation and function.

Determine if a set of data is a function.

Define domain and range.

Give the domain and range of a function.

Assign: Wkst 2-4 #1 - 23 All

Graph an equation using a table of values.

Assign: Wkst 2-6 # 1 - 10 & 24 All

QUIZ

Graph an equation using the calculator.

Assign: Wkst 2-6 # 12 - 23 All

Identify families of functions and their graphs.

Predict the graph of an equation.

Assign: Wkst 2-7 #4 - 21 All
