

Indian Nation – did you know...

- A student who misses 10% or more of their school days, which can mean just two days a month, for any reason, is considered chronically absent.
- Every absence or tardy, excused or unexcused, is a learning opportunity lost and significantly impacts a student's success in school and life.
- Chronically absent students are more likely to fall behind academically and less likely to graduate from high school.

Let's work together to improve attendance!
