POLICIES FOR ALL EMPLOYEES

GA

Written personnel policies for all licensed/classified personnel are intended to be a guide for present and future employees of the Biloxi Public School District. These policies will establish the rules which govern the employee and the employer and are designed for the most efficient operation of the school system, covering conditions of employment, promotions, work schedules, office hours, sick leave, vacations, and retirement.

Morale and other factors that create an efficient, smooth running organization will be greatly enhanced by a thorough knowledge of these policies. The Board of Trustees of the Biloxi Public School District desires that each person be fully cognizant of his/her responsibilities in the overall educational program of the district.

All licensed/classified employees of the Biloxi Public School District are expected to be thoroughly familiar with and actively support the enforcement of all Board of Trustees' policies and procedures, rules and regulations of the Superintendent of Education, and rules as set forth by principals and/or immediate supervisors and in school handbooks. Policies beginning with GA coding are applicable to all employees; GB, to licensed employees; and GC, to classified employees.

EQUAL OPPORTUNITY EMPLOYMENT - ALL EMPLOYEES

GAAA

The Biloxi Public School District is in compliance with Title VI and Title VII of the Civil Rights Act of 1962, Title IX of the Educational Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act or other state or federal guidelines applicable to equal opportunity employment. The Biloxi Public School District's policy assures that no one shall on the grounds of race, color, age, religion, disability, national origin, or sex be subjected to discrimination in employment practices.

The Board of Trustees of the Biloxi Public School District has the power and authority to select all school district personnel in the manner provided by law and to provide for such employee fringe benefit programs as may be deemed necessary and appropriate by the Board. Section 37-7-301 (p) (1993)

The Superintendent of the school district shall have the power, authority and duty to enter into contracts in the manner provided by law for each assistant superintendent, principal and teacher of the public schools under his supervision, after such assistant superintendent, principal and teachers have been selected and approved in the manner provided by law. Section 37-9-14 (2) (a) (1999)

On or before April 1 of each year, the principal of each school shall recommend to the Superintendent or his/her designee of the Biloxi School District the licensed employees or noninstructional employees to be employed for the school involved except those licensed employees or noninstructional employees who have been previously employed and who have a contract valid for the ensuing scholastic year. If such recommendations meet with the approval of the Superintendent, the Superintendent shall recommend the employment of such licensed employees or noninstructional employees to the local School Board, and, unless good reason to the contrary exists, the Board shall elect the employees so recommended.

Criminal Records/Child Abuse Registry Check

The Superintendent shall require that current criminal records background checks and current child abuse registry checks are obtained, and that such criminal record information and registry checks are on file for any new hires applying for employment as a licensed or nonlicensed employee at a school not previously employed in such school under the purview of the Mississippi Board of Education or such local school district prior to July 1, 2000. In order to determine the applicant's suitability for employment, the applicant shall be fingerprinted. If no disqualifying record is identified at the state level, the fingerprints shall be forwarded by the Department of Public Safety to the FBI for a national criminal history record check. The fee for such fingerprinting and criminal history record check shall be paid by the applicant, not to exceed Fifty Dollars (\$50.00); however, the Mississippi Board of Education or the School Board of the local school district, in its discretion, may elect to pay the fee for the fingerprinting and criminal history record check on behalf of any applicant. Under no circumstances shall a member of the Mississippi Board of Education, superintendent/director of schools under the purview of the Mississippi Board of Education, local school district superintendent, local School Board member or any individual other than the subject of the criminal history record checks disseminate information received through any such checks except insofar as required to fulfill the purposes of this section.

If such fingerprinting or criminal record checks disclose a felony conviction, guilty plea or plea of nolo contendere to a felony of possession or sale of drugs, murder, manslaughter, armed robbery, rape, sexual battery, sex offense listed in Section 45-33-23(g), child abuse, arson, grand larceny, burglary, gratification of lust or aggravated assault which has not been reversed on appeal or for which a pardon has not been granted, the new hire shall not be eligible to be employed at such school. Any employment contract for a new hire executed by the Superintendent of the Biloxi School District or any employment of a new hire by a superintendent/director of a new school under the purview of the Mississippi Board of Education shall be voidable if the new hire receives a disqualifying criminal record check. However, the Mississippi Board of Education or the School Board may, in its discretion, allow any applicant aggrieved by the employment decision under this section to appear before the respective Board, or before a hearing officer designated for such purpose, to show mitigating circumstances which may exist and allow the new hire to be employed at the school. The Mississippi Board of Education or local School Board may grant waivers for such mitigating circumstances, which shall include, but not be limited to: (a) age at which the crime was committed; (b) circumstances surrounding the crime; (c) length of time since the conviction and criminal history since the conviction; (d) work history; (e) current employment and character references; (f) other evidence demonstrating the ability of the person to perform the employment responsibilities competently and that the person does not pose a threat to the health or safety of the children at the school.

No local school district or local school district employee or members of the Mississippi Board of Education or employee of a school under the purview of the Mississippi Board of Education shall be held liable in any employment discrimination suit in which an allegation of discrimination is made regarding an employment decision authorized under this Section 37-9-17.

Nepotism and Conflict of Interest

It shall be illegal for any superintendent, administrative superintendent, principal or other licensed employee to be elected by the School Board if such Superintendent, administrative superintendent, principal or licensed employee is related within the third degree by blood or marriage according to the common law to a majority of the members of the School Board. No member of the School Board shall vote for any person as a superintendent, administrative superintendent, principal or licensed employee who is related to him within the third degree by blood or marriage or who is dependent upon him in a financial way. Any contract entered into in violation of the provisions of this section shall be null and void. Section 37-9-21 (1997)

Ref: §37-9-17, MS Code of 1972, amended.

It is the policy of the Board of Education to prohibit any sexual relationship, contact or sexually nuanced behavior or communication between a staff member and a student, while the student is enrolled in the school system. The prohibition extends to students of the opposite sex or the same sex as the staff member, and applies regardless of whether the student or the staff member is the initiator of the behavior and whether or not the student welcomes or reciprocates the attention.

Staff Guidelines for Non-Fraternization

This includes, but is not limited to, information concerning assessments, ability scores, grades, behavior, mental and physical health and/or family background.

The Superintendent and/or the school principals will annually remind staff members and orient new staff members concerning the importance of maintaining a professional buffer when interacting with students. When inappropriate use of computers and/or websites is discovered, the Superintendent and/or his/her designee shall download the offensive material, properly preserve the material evidence, and promptly take proper administrative action.

1. Maintain equivalency among schools in the allocation of teachers, administrators, and auxiliary personnel.
2. Maintain equivalency among schools in the provision of curriculum materials and instructional supplies.
3. Maintain a district-wide salary schedule.
4. Allocate all resources to schools on an equitable basis based upon the projected student enrollment for the ensuing school year, the grade level of the school, the unique needs of the specific school community and the instructional program to be served.

FOR LICENSED STAFF**DEFINITIONS**

The following definitions shall apply for interpreting and executing this policy:inter

2. A “grievant” is a bona fide licensed employee who submits a grievance while holding a position within the Biloxi Public School District which requires a valid license issued by the Mississippi State Department of Education Commission on Teacher and Administrator Education, Certification and Licensure and Development.
3. The term “days” shall mean days on which licensed staff members are scheduled to work.

The Board of Trustees of the Biloxi Public School District encourages licensed employees to settle grievances informally if at all possible. The license employee and the principal or immediate supervisor should attempt to secure an equitable resolution to the grievance.

In instances where a licensed employee deems the attempt to reach an equitable resolution of the grievance with the principal or immediate supervisor is unsatisfactory after ample opportunity for consideration of the matter, the license employee must follow the grievance procedure set forth below.

An equitable resolution of the grievance is at all times the objective of the district. If a resolution acceptable to all concerned is reached at any step in the grievance process subsequent to the submission of the grievant’s written and signed statement, an appropriate entry shall be recorded to document the acceptable resolution of the grievance. The grievant may discontinue the grievance process at any step by providing written notification to the principal, immediate supervisor or the Director of Personnel.

PROCEDURE FOR PROCESSING GRIEVANCES**Level One**

1. All grievances, as defined above, must be presented orally to the principal or immediate supervisor within five (5) days of the act or omission complained of, and the principal/supervisor and grievant will attempt to resolve the matter informally.
2. If the grievant is not satisfied with the action taken or the explanation given by his/her principal or supervisor the grievant shall, within (5) days after meeting with his/her principal or supervisor, state in writing his/her specific grievance(s) and specific resolution requested. The written statement shall contain, in addition to the above, the time, place, and nature of the alleged act or omission and the state or federal law or Board policy violated. The statement must be signed by the grievant.
3. In the event the grievant does not submit to his/her principal or supervisor a written statement as required, his/her failure to do so shall be deemed as an acceptance of the informal decision rendered by his/her principal or supervisor.
4. Within five (5) days after receiving the grievant’s signed statement, the principal/supervisor shall send to the Director of Personnel a copy of the grievant’s statement, along with a statement from the principal or supervisor setting forth his/her response to the grievant and/or his /her decisions, as applicable. At the same time, the principal or supervisor shall also provide a copy of his/her written statement to the grievant.

5. In the event that a grievance is filed against one of the individuals named in the established procedures for hearing grievances, the step requiring a hearing by that individual may be eliminated and the appeal may be submitted to the next level, or the administration may substitute a district administrator to hear the grievance.

Level Two

1. Within ten (10) days after receiving the grievant's signed statement and the principal's signed statement, the Director of Personnel shall provide to both the grievant and his/her supervisor a written statement when he/she has reached a conclusion based on his/her findings.
2. The grievant or supervisory personnel may discontinue the grievance procedure at this step or choose to pursue it within five (5) days by notifying the Director of Personnel in writing of his/her decision to continue the grievance procedure.
3. If the Director of Personnel is not able to resolve the grievance to the satisfaction of the grievant and/or the supervisory staff member involved, the Superintendent of Education will begin consideration of the grievance no later than ten (10) days following receipt of the written statement by the grievant or the supervisor from the decision by the Director of Personnel. The Superintendent of Education shall notify the grievant of the date, time, and place upon which the matter will be considered by the Superintendent.
4. In the event the grievant does not personally attend the meeting scheduled by the Superintendent, his/her failure to attend shall be deemed as an acceptance of the written decision rendered by his/her principal or supervisor at Level One.
5. The Superintendent shall render a written decision to the grievant within five (5) days of the date upon which the matter was heard.

Level Three

1. If the grievance is not resolved to the satisfaction of the grievant at Level Two, or if the Superintendent does not render a decision within five (5) days, the grievant may file the grievance with the Board of Trustees. Written appeals shall be made through the office of the Superintendent.
2. With regard to staff grievances, the Board of Trustees reserves three basic rights: (1) it may elect not to hear the grievance and let the ruling of the Superintendent or the Director of Personnel stand; (2) it may elect to make a ruling based on available information but not provide a forum for the grievant to present his/her case; or (3) it may elect to provide a forum for the grievant to make a final argument prior to making a ruling in the matter.
3. The Board of Trustees shall have the right to review all prior written documents and records of the levels specifically involved in the grievance procedures leading to the appeal to the Board.
4. An employee involved in the final argument may be represented by legal counsel at the employee's own expense.
5. The meeting of the Board of Trustees hearing the final argument shall be held in executive session, and the Board shall not be bound by rules of evidence during the argument nor be required to follow established court procedures. The Board shall have the power to limit the argument and any related discussion.
6. A record of the final argument will not be made.
7. The district shall maintain a file of formal grievances and final disposition, and a copy of the final disposition of the grievance shall be kept in the individual's personnel file.

DEFINITIONS

1. A “grievance” is a complaint by a bona fide non-licensed employee based upon an alleged violation of his/her rights under state or federal law or Board policy.
2. A non-licensed “grievant” is an employee holding a position of employment which does not require a valid license issued by the Mississippi State Department of Education Commission on Teacher and Administrator Education, Certification and Licensure and Development.
3. The term “days” shall mean days on which the non-licensed staff member is scheduled for work.

The Board of Trustees of the Biloxi Public School District encourages non-licensed staff members to settle grievances informally if at all possible. Work place and/or employment decisions which are perceived to adversely affect a non-licensed staff member may be addressed by the non-licensed staff grievance procedure outlined below.

PROCEDURE FOR PROCESSING NON-LICENSED GRIEVANCES

1. All grievances must be presented orally to the principal or immediate supervisor within five (5) days of the act or omission complained of, and the principal/supervisor and grievant are directed to attempt to resolve the matter informally.
2. If the grievant is not satisfied with the action taken or the explanation given by his/her principal or immediate supervisor, the grievant shall, within (5) days after meeting with his/her principal or supervisor, state in writing his/her specific grievance(s) and the specific resolution requested. The written statement shall contain, in addition to the above, the time, place, and nature of the alleged act or omission and the state or federal law or board policy believed violated. The statement must be signed by the grievant.
3. Upon receiving the written appeal, the immediate administrative supervisor shall schedule a conference with the grievant making the appeal within five (5) school or work days after receipt of the written grievance. Within five (5) school or work days after the conference is held, the immediate supervisor shall reach a decision, reduce the same to writing, provide a copy to the grievant and deliver a copy to the Director of Personnel. The decision will be hand delivered to the grievant making the complaint.
4. If the grievance is not resolved to the satisfaction of the grievant who submits a written grievance, an appeal may be made to the Director of Personnel in writing within five (5) school or work days after receipt of the decision by the immediate administrative supervisor. Within five (5) school or work days after receipt of the appeal, the Director of Personnel will schedule a conference with the grievant making the appeal. After a proper investigation, if necessary and within five (5) school or work days after the conference, the Director of Personnel of the school district will issue his/her decision in writing. The written decision will be hand delivered to the person making the appeal.
5. If either the grievant or the grievant’s immediate administrative supervisor is not satisfied with the written decision of the Director of Personnel, an appeal may be made to the Superintendent in writing within five (5) school or work days after receipt of the decision by the Director of Personnel. Within five (5) school or work days after receipt of the appeal, the Superintendent will schedule a conference with the person making the appeal and the Director of Personnel. After the conference, the Superintendent of the school district will issue his/her decision in writing. The written decision will be hand delivered to the person making the appeal.

The decision of the Superintendent shall be final.

As provided under 34 C.F.R. § 106.51 “no person shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination in employment, or recruitment, consideration, or selection therefor, whether full-time or part-time, under any education program or activity operated by a recipient which receives Federal financial assistance.”

Employees of the Biloxi Public School District the (“District”) are protected from sexual discrimination, including sexual harassment, by Title IX of the Education Amendments of 1972 to the Civil Rights Act. It is the intent of the Board of Trustees of the District (the “Board”) to maintain an environment free from sexual harassment of any kind. Therefore, unwelcomed sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature amounting to or constituting harassment are prohibited.

HARASSMENT AND SEXUAL CONDUCT PROHIBITED

The District affirms employee protection provided under Title VII and Title IX, and therefore "shall not tolerate verbal or physical conduct by any employee, male or female, which harasses, disrupts, or interferes with another's work performance or which creates an intimidating, offensive, or hostile environment."

This policy applies to conduct during and relating to school and school-sponsored activities. Any employee who engages in the sexual harassment of anyone in the school setting may be subject to disciplinary action up to and including termination.

Harassment of or by employees, in person or through written, telephone, or other communications, including but not limited to those acts which are sexual in nature, attempts to intimidate or harangue teachers or other employees, abusive, vulgar, or profane language directed toward an employee, physical threat or assault, etc., will not be tolerated by the District. In the event that such harassment occurs, the District will take appropriate action, including but not limited to filing of official complaints, seeking legal and law enforcement assistance, pursuing prosecution to the fullest extent permissible under the law, and termination of employment. This policy similarly applies to non-employee volunteers who work subject to the control of school authorities.

It is the intent of the Board to maintain an environment free of harassment of any kind. Therefore, explicit or implicit advances, requests for favors, or other verbal or physical conduct of an inappropriate nature amounting to or constituting harassment are prohibited. Any employee who considers such action as a threat, whether through submission or rejection, should report the action to the appropriate school authority.

A person guilty of simple assault, as defined by statute, upon a superintendent, principal, teacher or other instructional personnel, school attendance officer, school bus driver, or other individuals specified in state law while these individuals are acting within the scope of their duty, office, or employment shall be punished by a fine of not more than one-thousand dollars (\$1,000) or by imprisonment for not more than five (5) years or both. (Section 97-3-7, Mississippi Code, amended)

A person guilty of aggravated assault, as defined by statute, upon an individual named above shall be punished by a fine of not more than five-thousand dollars (\$5,000) or by imprisonment for not more than thirty (30) years or both. (Section 97-3-7, Mississippi Code, amended)

TITLE IX COMPLAINT PROCEDURE

The Biloxi Public School District encourages each of its employees to report improper governmental action of any district personnel, including employees and contractors of the District (such a report is referred to herein as a “Whistleblower Report”), to his or her principal or immediate supervisor. If an employee in good faith believes that his or her principal or immediate supervisor is engaged in or condones the improper governmental action, the employee is encouraged to report the improper governmental action to an intermediate supervisor, the Superintendent or to any member of the Board of Trustees. A principal, supervisor, the Superintendent or a member of the Board of Trustees receiving a Whistleblower Report shall promptly bring such report to the attention of the President of the Board of Trustees, such report to be placed on the executive session agenda of the next Board meeting. The identity of an employee making a Whistleblower Report will not be disclosed to anyone other than members of the Board of Trustees except as otherwise required by applicable law, unless and to the extent that the employee agrees in writing to be identified or unless the Board of Trustees determines that the report was not made in good faith. Notwithstanding the foregoing, the allegations may be disclosed in the discretion of the Board of Trustees.

An employee making, or suspected of making, a Whistleblower Report to his or her principal, immediate supervisor, intermediate supervisor, the Superintendent or any member of the Board of Trustees shall not be subjected to workplace reprisal or retaliatory action as a result of making such report or being suspected of making such a report. For purposes hereof, “reprisal or retaliatory action” means, but is not limited to:

- a. Unwarranted and unsubstantiated letters of reprimand or unsatisfactory performance evaluations;
- b. Demotion;
- c. Reduction in pay;
- d. Denial of promotion;
- e. Suspension;
- f. Dismissal; and
- g. Adverse change in job duties.

An employee who engages in reprisal or retaliatory action against an employee because such employee made or is suspected of making a Whistleblower Report may be terminated, suspended or otherwise disciplined in accordance with applicable District disciplinary procedures.

For purposes hereof, “improper governmental action” means any action related to or affecting the District’s business, mission or resources, whether or not the action is within the scope of the actor’s employment or contractual duties to the District:

- i. Which is in violation of any federal or state law or regulation, is an abuse of authority, results in substantial abuse, misuse, unauthorized use, destruction, waste, or loss of public funds or public resources; or
- ii. Which is of substantial and specific danger to the public health or safety; or
- iii. Which is discrimination based on race or gender.

“Improper governmental action,” with respect to any Whistleblower Report, includes any action that the employee making the report believes in good faith meets the definition set forth in the preceding paragraph, for example, actions that an employee believes violate applicable law but which are not in fact illegal.

“Improper governmental action” does not include personnel actions directed at the employees as a result of making a Whistleblower Report for which other remedies exist, including, but not limited to, employee grievances, complaints, appointments, promotions, transfers, assignments, reassignments, reinstatements, restorations, reemployments, performance evaluations, reductions in pay, dismissals, suspensions, demotions, violations of the state personnel system or local personnel policies, alleged labor agreement violations, reprimands, claims of discriminatory treatment, or any personnel action which may be taken under federal or state law.

Such matters will be governed by Policy GAE, except where personnel actions are alleged to result from an employee's making a Whistleblower Report, the Superintendent's decision will be reviewable by the Board of Trustees, regardless of whether the employee is licensed or non-licensed staff. In other words, if an employee making a Whistleblower Report believes that he or she has suffered reprisal or retaliatory action as a result, the employee should not make another Whistleblower Report, but should follow the applicable procedures in Policy GAE, as modified hereby,

Notwithstanding this Policy, the Biloxi Public School District is not precluded from taking any action in accordance with its established personnel policies against an employee who knowingly and intentionally provides false information about District personnel.

This Policy does not create any right, or abrogate any right that may already exist, to backpay, reinstatement, damages or any other remedy for a violation hereof.

The Board of Trustees of the Biloxi Public School District recognizes the fundamental rights and responsibilities of employees of the Biloxi Public School District, including the right to campaign for elective public offices and to hold elective or appointive positions as provided by state law.

The Board of Trustees requests the full cooperation of all employees of the school district in seeing that the orderly processes of education are carried out and that staff members are absent from their duties only when required to be absent because of illness or other matters covered under the policy governing leaves and absences.

The Board of Trustees may require any employee of the school system to resign when the seeking of public office conflicts with the performance of contracted duties. The Board of Trustees may require any employee of the school system to resign the day before taking office. Employees of the school system have the same rights and responsibilities to political activity as other citizens and are encouraged to participate. However, school employees have an additional obligation to the district that requires restraint and good judgment in their participation and shall not create the impression they are speaking for the Board of Trustees, for the school district, or for any other school district employee. Letters reflecting an individual's opinion shall not be written on district or individual school stationery.

The Board of Trustees prohibits the use of district facilities and/or grounds, logos, emblems, symbols or name for the promotion of partisan political activities.

Staff members shall not be permitted to personally assist with political campaigns in any manner during the work day or distribute campaign literature/flyers without loss of pay or personal leave and no encroachment on the time of the work day will be allowed for such campaigns.

The Board prohibits the expenditure of district, state, or federal funds for partisan political activity.

- (1) Except as provided in subsection (2) of this section, before an arrest warrant shall be issued against any teacher who is a licensed public school employee as defined in Section 37-9-1 for a criminal act, whether misdemeanor or felony, which is alleged to have occurred while the teacher was in the performance of the teacher's official duties, a probable cause hearing shall be held before a circuit court judge. The purpose of the hearing shall be to determine if adequate probable cause exists for the issuance of a warrant. All parties testifying in these proceedings shall do so under oath. The accused shall have the right to enter an appearance at the hearing, represented by legal counsel at his/her own expense, to hear the accusations and evidence against him/her; he/she may present evidence or testify in his/her own behalf.

The authority receiving any such charge or complaint against a teacher shall immediately present same to the county prosecuting attorney having jurisdiction who shall immediately present the charge or complaint to a circuit judge in the judicial district where the action arose for disposition pursuant to this section.

- (2) Nothing in this section shall prohibit the issuance of an arrest warrant by a circuit court judge upon presentation of probable cause, without the holding of a probable cause hearing, if adequate evidence is presented to satisfy the court that there is a significant risk that the accused will flee the court's jurisdiction or that the accused poses a threat to the safety or well-being of the public.

This act shall take effect and be in force from and after July 1, 2001.

The professional status of staff members is reinforced by appropriate dress and appearance. Since students learn by example, it is important that employees serve as role models for students. Moreover, the community's attitude toward the school system and the education profession is related to the manner in which employees present themselves.

All employees shall exercise good judgment in their choice of appearance at work by dressing in a way that is appropriate to the situation and in a manner that will invoke a positive impression with students and the community. Such professional dress should promote a working and learning environment that is conducive to high student and staff performance. Bus operators and bus aides may wear walking shorts on the job.

To avoid interruptions to the instructional program, it is the policy of this school district that no electronic device shall be used in any school building or on any school grounds during the hours of regular classes (from the first bell in the morning until the bell ending the last class period in the afternoon) or while attending before-school and after-school detention, or while attending before-school and after-school tutoring or make up session for tests or other academic work, with the following exceptions: (a) district electronics devices used by administrative and supervisor personnel, and (b) electronic devices used with the express permission of the principal. 1. The salary placement guide should be followed for all school personnel with the exception of licensed teaching personnel (teacher salaries are mandated by the state);
2. Initial salary placement is determined by the Superintendent of Education after receiving recommendations and/or input from the appropriate administrator;
3. Upon employment, the Superintendent will recommend the appropriate step placement to the Board of Trustees;
4. Step increases are based upon job evaluation;
5. Step increases are not automatic each school year;
6. Contract days are set by the Superintendent of Education and approved by the Board of Trustees;

8. Non-exempt classified staff members will be paid for hours worked based upon the Board approved pay schedule. Non-exempt classified staff members may choose to have their salary annualized. In order to have their salaries escrowed and annualized by the District, staff members must complete and sign the District's election form. The election form signed by the staff member will meet the requirements of Section 409A of the Internal Revenue Code (IRS). Section 409A is designed to protect the staff member's pay from being subject to certain additional taxes defined by the IRS as deferred compensation. Also, pursuant to Section 409A, once a staff member makes an election, the election must remain in place for the entire school year. The District will provide the election form to the staff member upon request.
9. All employees will be paid on a monthly basis, except those employed prior to July 01, 2002.

**CONTRACTS FOR PERSONNEL EMPLOYED LESS
THAN FULL-TIME - ALL EMPLOYEES**

GARA

The following formula will be used to compute salary for less than full-time employment (for classroom teaching):

Personnel employed on less than a full-time basis shall receive pro rata salaries based on time spent in service to the schools. Prorated salary shall be recommended to the Superintendent of Education for final approval. The amount of salary to be paid and time to be spent per day shall be specified. Salaries shall be computed on a prorated hourly basis, based upon degree, verifiable experience, and state-approved license.

Personnel employed less than full-time must abide by all policies and procedures of the Board of Trustees of the Biloxi Public School District as would a full-time employee, which includes meeting all staff development requirements of the district.

Personnel assigned to the following summer activities shall be paid on a daily or hourly rate established by the Board of Trustees:

- A. Summer school staff
- B. Staff on special assignment, such as writing curriculum guides or staff development activities during summer months when said personnel are not under contract.

No other employee of the Biloxi Public School District is permitted to give an official reference. References given by employees, other than the Superintendent or his/her designee, are unofficial personal references of the employee giving the reference and do not represent the Biloxi Public School District. SECTION I -- GENERAL INFORMATION -- ALL EMPLOYEES

Reporting of Absences

Any employee who has been absent for any reason is required to report absences directly to his/her principal or supervisor or he/she will lose full pay for unreported absences. All employees will request leave through the time management system.

Sick Leave

Absences eligible for sick leave must be for illness of the individual staff member or for illness or death of a member of the current immediate family.

Illness Current immediate family includes the employee or the employee's or spouse's family whose title contains any of the following: spouse, parent, stepparent, sibling, child, stepchild, grandchild, grandparent, parent's siblings, son- or daughter-in-law. Child means a biological, adopted or fosterchild, or a child for whom the employee or spouse stood in loco parentis.

Bereavement Current immediate family includes the employee's or spouse's family whose title contains any of the following: spouse, parent, stepparent, sibling, child, stepchild, grandchild, grandparent, parent's siblings, son- or daughter-in-law. Child means a biological, adopted or foster child, or a child for whom the employee or spouse stood in loco parentis.

Leave may be granted to employees when eligible family members pass away. Bereavement leave will be deducted from the employee's sick leave. Employees may be granted up to three (3) days for bereavement of a current immediate family member. The current immediate family is defined previously in this policy.

If an employee is absent the day before or the day after a school holiday due to illness or a family death, documentation from a medical provider/funeral service must be provided to substantiate the absence. Substantiated absences will be classified as sick leave. Non-substantiated absences will result in loss of full pay for the absence.

Accumulation of Leave

For each employee who remains in the Biloxi Public School District, any unused personal leave above limits specified in policy and remaining vacation leave at the end of the fiscal year, as recorded in the payroll office, will convert to sick leave and be credited to the employee's sick leave accumulation in accordance with state law.

The payroll office will keep a record of the total number of leave days to which employees are entitled. Employees may inquire in the principal's office or in the payroll office about leave entitlement. It is the employee's full responsibility for keeping an accurate record of leave entitlement at any given time.

All unused leave time at the time of retirement (sick, personal, and vacation) may be added to accumulated leave in determining length of service for retirement purposes in accordance with state law.

Absences That Require Prior Approval

Absences for school business, personal leave, and vacations require the prior submission of the appropriate school form(s) requesting permission to be absent from regular job responsibilities. Approved school business leave shall not count against a person's accumulated leave time. Sick leave, personal leave, and vacation leave will be counted against accumulated time.

School Business Leave

Approved absences for school business, as permitted under Board of Trustees policy will not result in loss of salary or of any leave benefits. All requests for school business leave shall be addressed to the principal or immediate supervisor and the Superintendent of Education or his/her designated representative and require written approval from these offices prior to the absence.

When a staff member is approved for school business leave and receives an honorarium for providing professional services, he/she will not lose benefits nor will he/she lose any salary, provided the honorarium is turned in to the payroll office. If the staff member chooses to retain the honorarium, only personal or vacation leave will be permitted for the time requested. School business leave will not be granted for professional services in which an honorarium is provided and retained.

Personal Leave

At the beginning of the school year, each certified staff member and classified staff member that qualifies shall be credited with a minimum personal leave allowance of two (2) days of approved absences for personal reasons. The two (2) days of personal leave are included in the total yearly leave allowance for that school year. The certified employee and qualifying classified employee may accumulate a total of five (5) days for personal leave, if the employee remains employed in the same school district.

All personal leave days must be approved by the principal or immediate supervisor and/or the Superintendent or his/her designee.

Personal leave days may be granted with approval of the Superintendent of Education or his/her designee. Leave requests shall be presented at least five (5) school days in advance. When an extreme emergency prohibits advance written approval, the absence can be approved orally by the building principal or immediate supervisor, but the written request must follow within five (5) days of the date on which leave was taken.

The Superintendent of Education and/or the building principal or immediate supervisor have the authority to limit the number of approved personal days to 5% of any department staff on a given day.

In every case, personal leave days used will be charged against the staff member's accumulated leave benefits. If a staff member requests a personal leave day and has it approved by the principal or his/her immediate supervisor and it is subsequently determined by the business office that the staff member has previously used all personal leave days to which he/she is entitled, full pay shall be deducted for the absence.

Personal Days – Restrictions for Licensed Staff:

Personal leave days cannot be taken the day before or the day after a school holiday or on the first or last working day of the contractual period or on the first or last day of a school term or during any statewide or district testing unless approved by the Superintendent or his/her designee. An absence on any of the preceding list of restrictive days is considered unauthorized. An unauthorized absence is subject to loss of pay for the restrictive day, suspension and/or termination.

Exceptions to the Restrictions:

1. Personal Leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, an immediate family member of the employee is being deployed for military service.
2. Personal Leave may be taken on a day previous to a holiday or a day after a holiday if an employee of a school district has either a minimum of ten (10) years of experience as an employee of that school district or a minimum of thirty (30) days of unused accumulated leave that has been earned while employed in that school district.
3. Personal Leave may be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday if, on the applicable day, the employee has been summoned to appear as a witness in court.

Personal Days – Classified Staff:

Personal leave days are not encouraged to be taken the day before or the day after a school holiday or on the first or last working day of the contractual period or on the first or last day of a school term or during any statewide or district testing unless approved by the classified staff members direct supervisor. An unauthorized absence is subject to loss of pay for the restrictive day, suspension and/or termination.

Administrative Leave

Based on the issuance of a Proclamation of State of Emergency, the School Board may grant administrative leave with pay to licensed, classified, and qualifying non-licensed personnel. Such leave will permit the Superintendent and the School Business Administrator to implement the policy which permits payment of base wages and corresponding benefits. {MS Code, §25-3-92, §37-7-307}

Leave for Jury Duty

A. Legal Absences – Certified and Other Exempt Employees

When an employee is absent from work as a result of jury service, he/she will not lose benefits nor will he/she lose any salary. Absences for jury duty must be recorded in the time management system as applicable.

Staff members who must appear in court under subpoena may do so provided that they use personal leave or miss only a short part of the school day (four class periods), returning immediately to their duties. Part-day absences must receive prior approval from the building principal, immediate supervisor, and/or Superintendent of Education or his/her designee.

B. Legal Absences – Non-Exempt Employees

Non-exempt employees will not be compensated for time spent as a result of jury duty service unless they return a form certified by the clerk of court which indicates the time they arrived and departed the court. Non-exempt employees are expected to return to work upon release from the court. If a non-exempt employee is subpoenaed to court in order to testify on a school-related matter and is performing work for the school district, documentation must be forwarded to the Business Office to be added to the pay records. All other court appearances shall be unpaid pursuant to the general absences policy of the district

Military Leave of Absence

The Biloxi Public School District shall comply with the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA), as amended by the Veteran's Benefits Improvement Act of 2004, which, among other things, removes the distinction between active service personnel and reserve personnel from the employer's perspective. Further, the Act prohibits an employer from denying "initial employment, reemployment, retention in employment, promotion, or any benefit of employment" to a person who is a member of or applies to be a member of the uniformed services, or who is performing, has performed, or has applied to perform services in a uniformed service.

Employees who are members of any of the reserve components of the armed forces of the United States or former members of the service of the United States discharged or released there from under conditions other than dishonorable, shall be entitled to leave of absence from their respective duties, without loss of pay, time, annual leave, or efficiency rating, on all days during which they shall be ordered to duty to participate in training at encampments, field exercises, maneuvers, outdoor target practice or for their exercises for periods not to exceed fifteen (15) days during any calendar year. If an employee is called to reserve or guard duty of fifteen (15) days or less, no deductions will be made from the employee's salary or from accumulated sick leave or vacation time. However, such duty shall have prior approval of the Superintendent of Education.

Personnel may be granted a leave of absence, without pay, to fulfill other military requirements such as being called to duty by a reserve or National Guard unit, with said leave not exceeding one year except in time of war. Such leave shall have prior approval of the Superintendent of Education. If possible, requests for military leave of absence should

be submitted by March 1 of the school year preceding the absence or immediately upon notification. Any employee returning from military leave of absence will be placed on the salary schedule one step above that of the last full year of employment.

Any member of the staff who is an active reservist or member of the National Guard shall be required to make written request to the appropriate military authorities (with copy submitted to the office of the Superintendent of Education) to have short-term annual tours of duty scheduled during the summer months between regular school sessions. In the event that such short-term tours of duty must be scheduled during the school year, the reservist or member of the National Guard must request his/her commanding officer to submit a letter to the Superintendent of Education specifying the dates of such service and reasons for not rescheduling these dates. When appropriate leave is granted during the school year, leave will be classified by the school district as "other leave" and will not result in loss of pay. Notice of rights under the USERRA is posted at locations where other employment rights are posted.

Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA)
Veteran's Benefit Improvement Act of 2004

Falsification of Statement or Reasons for Absence

An employee's falsification of reasons for absence shall result in penalties as follows: Full loss of pay for the period of absence; entry on personnel record; recommendation for suspension or termination of employment. Any or all of these penalties may be applied in cases involving materially false statements by the employee as to reasons for absence.

Absences Resulting from On-The-Job Injuries (Workers' Compensation)

In the event that an employee is injured on the job and must be absent from work because of a job-related injury occurring on the job, the employee shall be eligible for school district benefits in accordance with Workers' Compensation paid by the district. Any person who willfully makes any false or misleading statement or representation for the purpose of obtaining or wrongfully withholding any benefit or payment under the state law is guilty of a felony and on conviction thereof may be punished by a fine not to exceed five-thousand dollars (\$5,000) or double the value of the fraud, whichever is greater, or by imprisonment not to exceed three (3) years, or by both fine and imprisonment. Family and Medical Leave will run concurrently with Workers' Compensation related absences.

Medical Documentation of Absences

Any employee claiming an absence by reason of illness at any time (even for the first absence) may be required at the discretion of the administration to provide written substantiation of reasons for the absence at the employee's expense. A licensed medical provider's written statement providing specific diagnostic information verifying the necessity for the absence shall be used or required to substantiate the illness at the request of the building administrator. District policy permits administrative requests for such documentation at any time an employee is absent, without regard to the number of absences preceding or to consecutive absences.

The district has the right to require the employee to submit to an independent medical evaluation by a licensed medical provider for substantiation of the reasons for the absence.

Donating Leave to Another Employee

Any school district employee may donate a portion of his/her unused accumulated personal leave or sick leave to another employee of this district who is suffering from a catastrophic injury or illness or who has a member of his/her immediate family suffering from a catastrophic injury or illness.

The law defines both catastrophic injury/illness and immediate family.

The donor employee shall notify the Superintendent (or his/her designee) and designate the employee who is to receive the leave and the amount of unused leave to be donated.

The maximum amount of personal leave that may be donated cannot exceed that which would leave the donor employee with fewer than seven (7) days of personal leave. The maximum amount of sick leave that may be donated cannot exceed 50% of the unused accumulated sick leave.

An employee must have exhausted all of his/her available leave before being eligible to receive any donated leave, including the ten (10) additional sick leave days granted under MS Code, §37-7-307.

Eligibility for donated leave shall be based upon review and approval by the District FMLA Committee. Donated leave cannot extend beyond the FMLA allowed time frame.

Before an employee may receive any donated leave, he/she must provide the Superintendent (or designee) with a physician's statement that states the beginning date of the injury or illness, a description of the injury or illness, and a prognosis for recovery and the anticipated date the employee will be able to return to work. Failure to complete the certification of Health Care Provider Form may result in the denial of leave under the Donated Leave Provisions. Retroactive donated leave will not be granted for any days prior to the date the Business Office is officially notified of the catastrophic injury or illness.

If the amount of leave that is donated is not used by the employee, the whole days of donated leave shall be returned to the donor employees on a pro rata basis.

NOTE: An employee considering donation of leave shall understand that the leave cannot be reacquired after it has been donated and used by the recipient; that donation of leave might affect retirement benefits in regard to carry-over leave; and that the leave is not available in case he/she needs it later. Also, the employee should note that State Code prohibits an employee from donating leave to another after tendering notice of separation for any reason or after termination. {MS Code, §25-3-95 (8) (j)}

Family and Medical Leave

Due to the complexity of the Family Medical Leave Act (FMLA) and because it involves consideration of district leaves and absences policies and practices, along with American with Disabilities Act (ADA), the Fair Labor Standards Act (FLS), the Consolidated Omnibus Budget Reconciliation Act (COBRA), and parts of the Internal Revenue Code relating to group health plans and cafeteria plans, all federal anti-discrimination laws and applicable state laws, it is not practical to attempt development of a comprehensively detailed policy for the administration of the FMLA. Each request for leave must be evaluated individually due to myriad combinations of circumstances and medical conditions that may have to be considered. The district will review regulations and guidelines of the FMLA while evaluating individual requests for leave under FMLA, and the school district's attorney should be consulted when there is uncertainty as to requirements.

The district shall be in compliance with posting and notice requirement of the act.

I. GENERAL REQUIREMENTS

A. Definitions:

1. "Eligible employee" - any employee who works for a school district employing more than 50 people within a 75 mile radius of the employee's work site and who has been employed for at least 12 months by the school district and who also has provided at least 1250 hours of service during the 12 months before leave is requested.
2. "Spouse" - a husband or wife as defined or recognized under State law for purposes of marriage, including common law marriage in states where it is recognized.
3. "Son or daughter" - biological, or adopted, or foster child, a step child, legal ward, or a child of a person standing in loco parentis under the age of 18, and children above the age of 18 who are incapable of self-care because of mental or physical disability.

4. "Parent" - biological parent or individual who had actual day-to-day responsibility for caring for a child ("son or daughter"), even if the individual does not have a biological or legal relationship to that child, to include a father as well as a mother. Note that an in-law does not meet the definition of parent.
 5. "Serious health condition" - an illness, pregnancy, injury, impairment, or physical or mental condition involving either inpatient care or continuing treatment by a health care provider.
- B. Leave Requirement-Rolling Year Eligibility - An employee who meets the requirements listed above is eligible for twelve (12) work weeks for FMLA leave during the year, meaning twelve (12) work weeks per twelve (12) month period. The twelve (12) month period is not a calendar year but is a "rolling" year, which is measured twelve (12) months back from the date an employee schedules and/or uses any FMLA leave. Each time an employee uses FMLA leave, the remaining leave entitlement will be the balance of the twelve (12) weeks which has not been used during the immediately preceding twelve (12) months. FMLA leave can be applied retroactively. Any available leave must be taken concurrently.

II. REQUIRED CERTIFICATION

- A. Eligible employees shall provide the Superintendent and/or his/her designee timely certification of a serious health condition for his/her own serious health condition or that of a family member. No leave period may begin without the approval of the Superintendent or his/her designee. No approval shall be granted by the Superintendent or designee without the required written notice/request and certificate. Once the district has received a request for leave under the FMLA, the district may provide the Certification of Health Care Provider Form to the employee for the employee's provider to complete and return to the district within fifteen (15) calendar days. Failure to complete the certification form may result in the denial of leave under the FMLA. It shall be the sole responsibility of the employee to notify the Business Office if the employee is going to be out three (3) or more days due to a medical condition.
- B. Failure to provide sufficient certification by the employee can result in disciplinary action leading to termination. The certificate is to include the following:
1. The date on which the serious health condition in question began;
 2. The probable duration of the condition;
 3. Appropriate medical facts regarding the condition, in writing from a licensed medical provider;
 4. A statement that the employee is needed to care for a spouse, parent, or child (along with estimate of the time required) or that the employee is unable to perform his/her functions, and, in the case of intermittent leave, the duration of treatment to be given;
 5. If the leave is requested due to the employee's own condition, a statement that he or she is unable to perform the functions of his or her job;
 6. Signature of a licensed medical provider.
- C. The school district may require at its own expense that a second opinion be obtained. In the event of conflicting opinions, the school district may pay for a third and final evaluation provided by a licensed medical physician.
- D. The school district may require subsequent written recertification on a reasonable basis, at the employee's expense.

III. EMPLOYMENT BENEFITS PROTECTION

- A. An employee who completes a period of leave and has complied fully with the terms of this policy shall be returned either to the same position he/she had before the taking of leave or to a position which is comparable in pay, benefits, and other terms and conditions of employment.
- B. Taking of leave shall not result in the loss of any previously accrued seniority or employment benefits. Except for health benefits, no other benefits will accrue during the leave period.
- C. The Biloxi School District will continue to pay the same share of the cost of group health benefits as has normally been paid. The employee must continue paying for his/her share of the premiums (if applicable) as well as for coverage to continue.

The Biloxi School District shall not interfere with or restrain an eligible employee's right to exercise the provision of this policy.

Military Leave Entitlements

Eligible employees are entitled to two different kinds of leave as a result of either being in the military or having family members in the military:

- A. Eligible employees are entitled to up to twelve weeks of FMLA leave because of any qualifying exigency arising out of the fact that the spouse, son, daughter, or parent of the employee is a member of any Armed Forces or any reserve Armed Forces on covered active duty, and deployed to a foreign country, or has been notified of an impending call to covered active duty status. Qualifying exigencies may include any one or more of the following: 1) attending to issues arising from a short notice (seven days or less) of deployment, with FMLA leave entitlement lasting up to seven days from the notice; 2) attending certain military events; 3) attending certain childcare and school activities related to the military duty; 4) addressing certain financial and legal arrangements; 5) attending certain counseling sessions; 6) taking up to fifteen days to spend with a covered service member who is on short-term, temporary rest and recuperation leave; 7) attending post-deployment reintegration briefings; 8) taking care of the parent of a military member where the parent is incapable of self-care; or 9) other activities agreed to by the agency and the employee. Eligible employees must provide notice of the need for such leave as soon as reasonable and practicable. This kind of leave may be taken intermittently or on a reduced schedule.
- B. Eligible employees may take up to twenty-six weeks of leave during a single twelve – month period to care for a “covered service member” who is the employee’s spouse, son, daughter, parent or next of kin (nearest blood relative or designated as such). A covered service member is a member of the Armed Forces (including a member of the National Guard or Reserves) who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness; or a veteran who is undergoing medical treatment, recuperation, or therapy, for a serious injury or illness and who was a member of the Armed Forces (including a member of the National Guard or Reserves) at any time during the period of five years preceding the date on which the veteran undergoes that medical treatment, recuperation, or therapy. Eligible employees may take this kind of leave intermittently, or on a reduced schedule, where medically necessary. This twenty-six week leave entitlement will include all other permissible FMLA leave.

Cases of communicable diseases which might pose a threat to the health of the school or community should be reported to the health department by the principal. Each such unique case will be resolved in consultation with the Mississippi State Department of Health and/or the individual's licensed medical physician. Principals shall require a statement from the employee's licensed medical physician or from the public health department for an employee returning to school after having a communicable or infectious disease.

An employee in a teaching position in which a majority of teaching time devoted to a specific field of study or subject area shall be deemed to be in that program area (for example: an employee teaching four (4) English and two (2) Social Studies shall be deemed to be in the English program area). All elementary teachers will be classified dependent upon licensing qualifications. In choosing which program or programs will be affected by displacement, the Superintendent or his designee (with the aid of the principal of all schools directly affected), shall make that determination by considering the length of continuous service of the teachers in the program, the certification of the teachers, and whether the termination of the employee would affect any judicial decrees. Performance evaluations, academic qualifications, attendance, punctuality, professional development, proficiency in use of technology and professional contributions to the school program and/or school system will also be criteria for decision making. In the event the circumstances require a reduction in force in more than one school, it shall be the responsibility of the Superintendent or his designee to select the schools in which the reduction in force should take place, unless the circumstances demand that all of the schools in the system be included within the plan. The superintendent shall, also, have the power and authority to designate selected positions within a classification (program area) as having "protected status" in order to maintain vital programs, function and/or services. "Protected status" would be exempt from the reduction in force process.

- a) School or schools shall be selected for the application for the reduction in force based upon the circumstances.
- b) A program for reduction in force shall be selected (for example: Special Education, Libraries, and English).
- c) Program needs by grade level and subject area shall have precedence over any other consideration. The primary consideration is to provide qualified, certified teachers in each position of every grade level determined as essential for the school system.
- d) Seniority will be a consideration in the retention of a teacher. However, seniority alone will not assure an employee of continued employment. The following criteria shall be used to determine who is to be released (not necessarily in the order listed):
 - Type of certification held (i.e. A, AA, AAA, and National Board Certified).
 - Areas of certification (i.e. math, English, elementary art)
 - Performance appraisal
 - Attendance
 - Punctuality
 - Professional contribution to school/school system
 - Professional development
 - Letters of commendation or congratulation, awards, etc
 - Proficiency in use of technology
 - Letter/notes of reprimand/caution/reminder
 - Years of experience in Biloxi Public School System (up to ten {10} years).
 - Total years of experience teaching in affected program/subject in full years (maximum of three {3})

When it becomes necessary to transfer teachers/certified employees affected by a reduction in force or due to the uneven distribution of enrollment in schools, the following procedures will be observed:

- a) The Superintendent or his designee will form a committee of the Director of Personnel and two elementary principals when the certified employee is an elementary level employee or two secondary principals when the certified employee is a secondary level employee. Transfers involving a certified employee of the specialized programs a committee will be formed by the Director of Personnel and the head of the department.
- b) The committee will determine which employee will be transferred from the school/program affected by reduction in force or the uneven distribution. The committee will make its decision based on who will contribute more effectively at each school/program.
- c) The Director of Personnel will notify the individual selected, of the reassignment. The Director of Personnel will make accommodations with both principals/administrators for a smooth transition from one assignment to another.

VOLUNTARY TRANSFERS - LICENSED EMPLOYEES**GBMC**

Any licensed staff member or instructional assistant who wishes to request a change in building, grade level or subject assignment, or position shall notify, in writing, the personnel office, through his/her building principal or immediate supervisor.

Requests for transfer may be placed on file at any time; however, voluntary transfers are approved at a time best determined by the administration.

1. Voluntary transfers must have the recommendation of both the releasing and the receiving administrator, together with that of any other administrator(s) involved in the staffing process.
2. District goals related to the instructional program will serve as the primary criteria in granting transfer requests as determined by the building principal.
3. Certification for specific grade levels to meet specific subject requirements will be mandatory.
4. Seniority shall not be a criterion in the consideration of voluntary transfers.

The staff member shall be notified if transfer request has been approved only after the approval of the releasing and the receiving administrator/supervisor and the central office administrator responsible for staffing practices and procedures.

**NONRENEWAL OF LICENSED EMPLOYEES - EDUCATION EMPLOYMENT
PROCEDURES LAW OF 2001**

GBN

The Biloxi Public School District shall adhere to requirements of the Education Employment Procedures Law of 2001 in regard to nonrenewal of licensed education employees, in conformance with the intent of the Mississippi Legislature to establish procedures:

To provide for accountability in the teaching profession; to provide a mechanism for the nonrenewal of licensed education employees in a timely, cost-efficient and fair manner; to provide public school employees with notice of the reasons for not offering an employee a renewal of his/her contract; to provide an opportunity for the employee to present matters in extenuation or exculpation; to provide the employee with an opportunity for a hearing to enable the Board to determine whether the recommendation of nonemployment is a proper employment decision and not contrary to law and to require nonrenewal decisions to be based upon valid educational reasons or noncompliance with school district personnel policies. It is the intent of the Legislature not to establish a system of tenure.

Employees in this policy shall include any teacher, principal, superintendent or other professional personnel employed by the district for a continuous period of two (2) years with the district and required to have a valid license issued by the State Department of Education as a prerequisite of employment; or any teacher, principal, superintendent or other professional personnel who has completed a continuous period of two (2) years of employment in a Mississippi public school district and one (1) full year of employment with this district of current employment and who is required to have a valid license issued by the state Department of Education as a prerequisite of employment.

If the Board of Education makes a preliminary determination not to offer the school district Superintendent a renewal contract for a successive year, written notice of the preliminary nonreemployment determination must be given to the Superintendent before February 1.

In the event that a recommendation is made by the school district not to offer an employee a renewal contract for a successive year, written notice of the proposed nonreemployment stating the reasons for the proposed nonreemployment shall be given by the Superintendent, without further Board action, on or before March 1 to a principal and on or before April 15 to a teacher, administrator or other professional educator covered under Sections 37-9-101 through 37-9-113 of Mississippi Code of 1972, amended.

Any nonreemployment decision of the Biloxi Public School District shall be rationally related to a valid educational reason or noncompliance with school district personnel policies and not arbitrary and capricious or based upon some constitutionally impermissible reason such as race, sex, religion, handicap, or exercise of First Amendment rights.

The Superintendent, principal, or other licensed educator as defined in Section 37-9-104 receiving written notice under the provisions this policy, upon written request from the employee received by the district within ten (10) days of receipt of the notice by the employee, shall be entitled to

- (a) written notice of the specific reasons for nonreemployment, together with a summary of the factual basis therefor; a list of witnesses and a copy of documentary evidence substantiating the reasons intended to be presented at the hearing, which notice shall be given to the employee at least fourteen (14) days prior to any hearing; if the district fails to provide this information to the employee, then the recommendation for non-reemployment shall be null and void, and the Board shall order the execution of a contract with the employee for an additional period of one (1) year;

- (b) an opportunity for a hearing at which to present matters relevant to the reasons given for the proposed non-reemployment, including any reasons alleged by the employee to be the reason for non-reemployment;
- (c) receive a fair and impartial hearing before the Board or hearing officer;
- (d) be represented by legal counsel, at his/her own expense.

Any employee requesting a hearing shall provide the school district, not less than five (5) days before the scheduled date for the hearing, a response to the specific reasons for nonreemployment, a list of witnesses and a copy of documentary evidence in support of the response intended to be presented at the hearing. If the employee fails to provide this information, then the recommendation of nonreemployment shall be final without the necessity of a hearing.

If the employee does not request a hearing, the recommendation regarding the nonreemployment of the employee shall be final.

It is the intent of this school district to establish procedures which shall meet all requirements of the Education Employment Procedures Law of 2001 and enable the Board of Trustees to determine whether the recommendation of nonreemployment is a proper decision and not contrary to the law and not a violation of some statutory or constitutional right and not to establish a system of tenure expressed or implied or require that all decisions of nonreemployment be based upon cause with respect to employment with the school district.

Any and all hearings shall be conducted pursuant to the Education Employment Procedures Law of 2001 and Policy GBNA adopted by this Board. All proceedings under this policy are and shall be governed by the Education Employment Procedures Law of 2001, where applicable. Section 37-9-101 *et seq.*

**RULES OF PROCEDURE UNDER THE EDUCATION EMPLOYMENT
PROCEDURES LAW OF 2001**

GBNA

The procedures as set forth in this policy shall be applicable only to the Superintendent, teachers, principals, and other administrators or other licensed personnel elected by the Board of Trustees who are required to have a valid license issued by the State Department of Education as a prerequisite of employment and are under formal contract of employment as defined by state statute.

In the event that a determination that the best interests of the Biloxi Public School District would be served by the release from future employment of the employee under a proper employment decision that is not contrary to law and based upon valid educational reasons or noncompliance with school district personnel policies, the school district shall send written notice of the determination to the employee on or before the applicable date as established by state statute, together with a summary of the factual basis therefor, a list of witnesses, and a copy of documentary evidence substantiating the reasons intended to be presented at a hearing to which the employee is entitled. Notice of a hearing shall be given to the employee at least fourteen (14) days prior to any hearing.

An employee shall be entitled to receive a fair and impartial hearing before the School Board of the Biloxi Public School District or the hearing officer designated by the Board. The employee may request a hearing related to the nonreemployment decision and shall provide the district, not less than five (5) days before the scheduled date for the hearing, a response to the specific reasons for nonreemployment, a list of witnesses and a copy of documentary evidence in support of the response intended to be presented at the hearing. If the employee fails to provide this information, then the recommendation of nonreemployment shall be final without the necessity of a hearing.

If the employee does not request a hearing, the recommendation regarding the nonreemployment of the employee shall be final.

The School Board, or its designee, upon request for a hearing from an employee under the terms of Sections 37-9-101 through 37-9-113 (see Policy GBN) shall set the time, place, and date of the hearing and notify the employee in writing of same. The date shall be set not sooner than five (5) days nor later than thirty (30) days from the date of the request, unless otherwise agreed.

The hearing may be held before the Board or before a hearing officer appointed for such purpose by the Board, either from among its own membership, from the staff of the school district or some other qualified and impartial person, but in no event shall the hearing officer be related to a Board member, any administrator making the recommendations of nonreemployment or the employee. Once a hearing officer is appointed, no *ex parte* communications may be made regarding any substantive provisions of the hearing.

The Board may appoint a presiding officer for the hearing, who will make all rulings on procedure and evidence and will generally conduct the hearing, subject to being overridden by a majority vote of the members present.

The presiding officer shall have full power and authority to conduct hearings in such manner as is appropriate to ascertain the facts and facilitate the hearing, which shall include but not be limited to the authority to:

1. administer oaths and affirmation;
2. issue subpoenas, subject to the provisions under "Subpoenas" of these rules;
3. examine witnesses;
4. receive depositions or affidavits or have them taken when the ends of justice would be served, as hereinafter provided;
5. regulate the course of the hearing;
6. hold conferences for the settlement or simplification of the issues by consent of the parties;
7. dispose of procedural requests or similar matters
8. make or recommend decisions in accordance with the rules under these procedures;
9. take other action authorized by the Board consistent with the rules and policies.

The hearing must be held in executive session unless the employee elects to have a public hearing. If an employee makes this election, however, the Board or the hearing officer, as the case may be, may order any part of the hearing to be held in executive session, if, in the opinion of the Board or the hearing officer, the testimony to be elicited deals with matters involving the reputation or character of another person. Notwithstanding the election by an employee for a public hearing, any testimony by minor witnesses must be held in executive session and considered confidential personnel records and confidential student records, subject to an expectation of reasonable privacy and confidentiality. Public disclosure of these records may be by court order only.

The district shall present evidence, in either written or oral form, at the hearing, in support of its recommendation for nonreemployment.

The employee shall be afforded an opportunity to present matters at the hearing relevant to the reasons given for the proposed nonreemployment determination and to the reasons the employee alleges to be the reasons for nonreemployment and to be represented by counsel at such a hearing. Such hearing shall be conducted in such a manner as to afford the parties a fair and reasonable opportunity to present witnesses and other evidence pertinent to the issues and to cross-examine witnesses presented at the hearing. The Board or the hearing officer may require any portion of the evidence to be submitted in the form of depositions or affidavits, and in case affidavits are received, an opportunity to present counter-affidavits shall be provided.

The Board shall cause to be made stenographic notes of the proceedings. In the event of a judicial appeal of the Board's decision, the entire expense of the transcript and notes shall be assessed as court costs.

The Board shall review the matters presented before it, or if the hearing is conducted by a hearing officer, the report of the hearing officer, if any, the record of the proceedings and, based solely thereon, conclude whether the proposed nonreemployment is a proper employment decision, is based upon a valid educational reason or noncompliance with school district personnel policies and is based solely upon the evidence presented at the hearing, and shall notify the employee in writing of its final decision and reasons therefor. Such notification shall be within thirty (30) days of the conclusions of the hearing if the hearing is conducted by a hearing officer and within ten (10) days of the conclusion of the hearing if the hearing is initially conducted by the Board. If the matter is heard before a hearing officer, the Board shall also grant the employee the opportunity to appear before the Board to present a statement in his/her own behalf, either in person or by his/her attorney, prior to a final decision by the Board.

In conducting a hearing, the Board or hearing officer shall not be bound by common law or by statutory rules of evidence or by technical or formal rules of procedure except as provided in Sections 37-9-101 through 37-9-113, but may conduct such hearing in such manner as best to ascertain the rights of the parties; however, hearsay evidence, if admitted, shall not be the sole basis for the determination of facts by the Board or hearing officer.

For purposes of conducting hearings under Sections 37-9-101 through 37-9-113, the Board or hearing officer shall have the authority to issue subpoenas for witnesses and to compel their attendance and the giving of evidence. Any expense connected therewith shall be borne by the party requesting the subpoenas, which shall include an appearance fee for each witness so subpoenaed not inconsistent with state laws governing payments to witnesses. In the event it is necessary to enforce or to quash a subpoena issued to compel the attendance of a witness, application shall be made with the chancery court of the county where the School Board is located. It is the policy of the school district that depositions will be allowed only in extraordinary cases in which the personal attendance of the witness is impossible or would impose an unreasonable hardship. Depositions shall be allowed only if an application by a party is approved by the hearing officer, at his/her sole discretion.

CONDUCT OF HEARING

- a. The first order of business after the hearing is convened is to dispose of any procedural matters.
- b. Prior to receiving any testimony, evidence will be received that all notices and information were timely sent to the employee and that the employee made timely requests for information and a hearing. If a notice or a request is defective or untimely, the presiding officer may order such relief as is appropriate.
- c. Witnesses and other evidence in support of the determination to release the employee from future employment will be introduced first. The presiding officer may interrogate witnesses himself/herself or he/she may allow a representative of the administration of the Board to examine witnesses. The employee or his/her attorney will also be allowed to cross-examine each witness presenting evidence against him/her at the hearing.
- d. After the evidence in support of the determination has been submitted, the employee will be allowed an opportunity to present his/her witnesses and evidence. The presiding officer and a representative of the administration or the Board will be allowed an opportunity to cross-examine any witnesses for the employee. After the employee concludes his/her case, the administration will be allowed an opportunity to present rebuttal evidence, either at the time of the hearing or within a reasonable time upon recess of the hearing. The presiding officer, at his/her discretion, may require any portion of the evidence to be submitted in the form of depositions or affidavits. If affidavits are received, counter-affidavits may be presented within such time as the hearing officer may allow.
- e. At the conclusion of the hearing, each party may be allowed an opportunity for closing arguments, if requested by the presiding officer, at his/her discretion.

FINAL DECISION

- a. If the Board initially hears the matter, it will make its decision on the basis of the record and will send notice of its decision to the parties within ten (10) days of the conclusion of the hearing.
- b. If the Board does not initially hear the matter, the parties will be given a reasonable opportunity to appear before the Board, in person or by counsel, to present statements in their behalf. The Board will send notice of its decision to the parties within thirty (30) days of the conclusion of the hearing.
- c. The Board shall receive the findings, any exceptions, the recommended decision, and the record, and shall prepare its own findings and final decision.

In the event the decision of the School Board is in favor of the employee, the Board shall have the authority to order the execution of a contract with the employee for an additional period of one (1) year.

Ref: Section 37-9-101 through 37-9-113, MS code of 1972, amended.

Resignations by licensed personnel must be submitted in writing to the staff member's principal or immediate supervisor and forwarded to the Superintendent of Education.

For licensed personnel whose resignations are accepted and who do not complete the contractual period, salary will be computed as outlined under policy GBA. Final payment of salary will not be made until the staff member's resignation has been approved by the Board of Trustees.

A resignation or application for release will be received by the administration only if properly executed; and it shall be at the discretion of the Superintendent of Education as to whether or not he/she recommends acceptance of the resignation or application for release to the Board of Trustees. (See Policy GBA.)

Teachers are required to remain at school throughout the school day. Any teacher who finds it necessary to leave the school grounds during the school day because of an emergency shall first secure the principal's permission.

The Board of Trustees and administration recognize that academic preparation and instructional time must be protected from undue interruption or delays. It is, therefore, the policy of the Board to limit as much as possible the number of written reports classroom teachers are required to prepare.

This policy shall not be construed to limit administrators from requiring reports necessary for the efficient operation of the total school system.

"Strike" means a concerted failure to report for duty, a willful absence from one's position, the stoppage of work, a deliberate slowing down of work, or the withholding, in whole or in part, of the full, faithful and proper performance of the duties of employment, for the purpose of inducing, influencing or coercing a change in the conditions, compensation, rights, privileges or obligations of public employment; provided, however, that nothing herein shall limit or impair the right of any licensed teacher to express or communicate a complaint or opinion on any matter related to the conditions of employment so long as the same is not designed and does not interfere with the full, faithful and proper performance of the duties of employment.

"Certified teacher" shall mean the following employees of this school district: classroom teachers, supervisors of programs, librarians, guidance personnel, audiovisual personnel and vocational directors.

It is hereby declared that a strike, concerted work stoppage or concerted refusal to perform lawful duties in any manner by licensed teachers against public school districts within the State of Mississippi shall be illegal, unprotected and contrary to the public policy of the State of Mississippi.

No licensed teacher, group of licensed teachers or teacher organization shall promote, encourage or participate in any strike against a public school district, the State of Mississippi or any agency thereof.

No person exercising any authority, supervision or direction over any licensed teacher shall have the power to authorize, approve or consent to a strike by one or more licensed teachers, and such person shall not authorize, approve or consent to such strike. No local school governing Board or any person exercising authority, supervision or direction over any public school shall attempt to close or curtail the operations of the public school, or to change or alter in any manner the schedule of operations of said school in order to circumvent the full force and effect of this statute. In the event of a strike against the public school, the local school governing Board shall continue school operations as long as practicable in order to ascertain which teachers are on strike, and certify the names of such teachers to the Attorney General. Any member of a local school governing Board or public school administrator who violates this subsection shall be guilty of a misdemeanor and upon conviction shall be fined not less than One Hundred Dollars (\$100.00) nor more than Two Hundred Fifty Dollars (\$250.00) for each day such violation continues.

Chancery courts having jurisdiction of the parties are vested with authority to hear and determine all actions alleging violations of subsection (3) of this section. Suits to enjoin violations of subsection (3) of this section shall have priority over all matters on the court's docket except other emergency matters.

If a licensed teacher, a group of licensed teaches, a teacher organization, or any officer, agent or representative of any teacher organization engages in a strike in violation of subsection (3) of this section, any public school district whose employees are involved or whose employees may be affected by the strike shall file suit to enjoin the strike in the Chancery Court of the First Judicial District of Hinds County, Mississippi, or in the chancery court having proper jurisdiction and proper venue of such actions. The chancery court shall conduct a hearing with notice to all interested parties, at the earliest practicable time. If the complainant makes a prima facie showing that a violation of subsection (3) of this section is in progress or that there is a clear, real and present danger that such strike is about to commence, the chancery court shall issue a temporary restraining order enjoining the strike. Upon final hearing, the chancery court shall either make the injunction permanent or dissolve it.

If an injunction to enjoin a strike issued pursuant to this section is not promptly complied with, on the application of the complainant, the chancery court shall immediately initiate contempt proceedings against those who appear to be in violation. A teacher organization found to be in contempt of court for violating an injunction against a strike shall be fined up to Twenty Thousand Dollars (\$20,000.00) for each such calendar day. The fines so collected shall immediately accrue to the school district and shall be used by it to replace those services denied the public as a result of the strike. Each officer, agent or representative of a teacher organization found to be in contempt of court for violating an injunction against a teacher organization shall be liable for any damages which might be suffered

by a public employer as a result of a violation of the provisions of subsection (3) of this section by the teacher organization or its representatives, officers and agents. The chancery court having jurisdiction over such actions is empowered to enforce judgment against teacher organizations by the attachment or garnishment of organization initiation fees or duties.

If the court, after a hearing or notice, determines that a licensed teacher has violated subsection (3) of this section, it shall order the termination of his or her employment by the public school district. No person knowingly violating the provision of said subsection may, subsequent to such violation, be employed or reemployed as a teacher by any public school district in the state unless the court first finds a public necessity therefor.

The provisions of this subsection (8) shall be cumulative and supplemental to any other applicable provision of law.
§37-9-75 (1985)

INVOLUNTARY TRANSFER - CLASSIFIED EMPLOYEES**GCMA**

The Superintendent of Education shall transfer classified personnel from one position and/or school to another as needed. In cases where staff members must be transferred involuntarily, the Superintendent shall transfer a staff member from one position to another for which the staff member is qualified through experience and training within the school system.

TIME SCHEDULES - GENERAL WORK DAYS - CLASSIFIED EMPLOYEES

GCRB

Work hours for non-exempt employees may vary according to job classification, but every employee must adhere to the time schedule established for the office, building, or work area. Principals and/or supervisors may regulate daily work schedules for employees under their supervision, provided that such schedules meet minimum hours per day and that job assignments or duties require such variation in daily work schedules. Such variances shall not be made for the primary purpose of meeting individual requests or preferences. All time schedules listed on the At-Will-Agreement shall be observed.

Work days shall be scheduled for clerical, secretarial, instructional support, and other support personnel as determined by the yearly calendar adopted for the district.

All time reported by non-exempt personnel shall be in accordance with the Fair Labor Standards Act requirements and the general policies and procedures established by the school district.

The work-week for classified employees begins at one second after midnight on Saturday morning and ends at midnight on the following Friday. The regular work-week will be limited to forty hours within this time frame.

**COMPENSATORY TIME/OVERTIME PAY - CLASSIFIED (NON-EXEMPT
WAGE AND HOUR EMPLOYEES)**

GCRD

Compensatory time off beyond the present work-week, in lieu of overtime pay, is now permitted for non-exempt employees. Compensatory time is granted at the time of 1-1/2 hours for each hour of overtime worked (hours over 40 in any one work-week).

Any employee who volunteers for occasional or sporadic employment in a different work capacity will not have those hours included in his/her regular hours for overtime purposes. In addition, employees who do volunteer work will not receive overtime entitlement for such work. For example, any person, even a school employee other than a transportation employee, may volunteer to drive a bus to carry a football team or band on a trip; or any employee may volunteer to assist a disabled child on his/her own time as an act of compassion without the Fair Labor Standards Act requiring compensation for such volunteer work.

Compensatory time reports must be attached to each payroll transmittal sheet signed by a principal or payroll administrator showing the school or department, non-exempt employee's name, previously accrued compensatory hours (1-1/2 times the over-40 hours), current compensatory hours earned, current use of compensatory hours, and compensatory hour balance. This report must include each non-exempt employee under the administrator's supervision who has any compensatory time balance or current activity.

Principals and payroll administrators are required to report the actual hours worked each work-week by non-exempt employee, with notations on the transmittal sheets explaining all absences, including previous compensatory time usage. Absences not covered by other Board policy or a previous compensatory time balance will require an appropriate earnings reduction.

ACCRUED COMPENSATORY TIME IS TO BE USED BY THE EMPLOYEE WITHIN THE PAY PERIOD AFTER ITS HAVING BEEN EARNED OR UNDER EXCEPTIONS GRANTED AND WITH PRIOR WRITTEN APPROVAL BY THE SUPERINTENDENT OF EDUCATION OR HIS/HER DESIGNEE.

Compensation for overtime work will be paid only when budgetary provision has been made and with the approval of the Superintendent. In all other cases, the compensatory time policy will apply.
